## PRODUCT FEATURE

**SMT LED:** light weight, strong anti vibration ability and long service life.

**A60 size:** more brighter.

**Standard E27:** matching E27 lamp-socket.

**Dual mode:** WiFi+Bluetooth.

**Remote control:** Quick and easy to use.

**App control:** control the light strip by mobile phone without distance limitation.

**Voice control\*:** use voice assistant control, free your hands.

**Scene mode:** a variety of scenario effects, matching different occasions.

**Music rhythm mode:** the light will change with the rhythm of music.

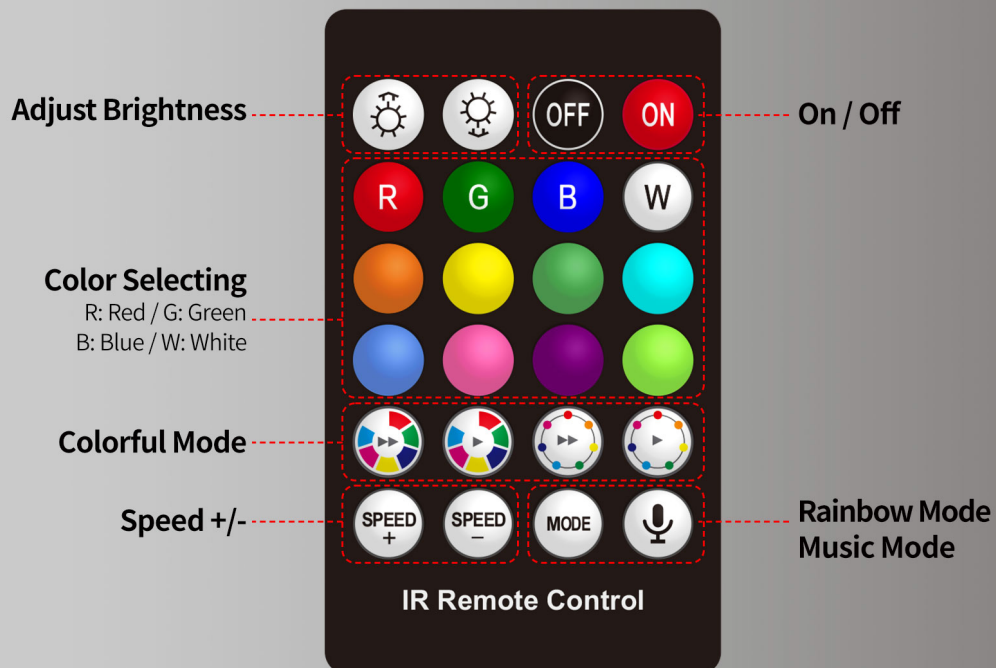

**Custom mode:** customize the color and effect, find your own color.

**Timing switch function:** by setting the switch time, let the light more closely match your work and rest time.

\*Voice control requires voice assistant connection via app

# REMOTE CONTROL

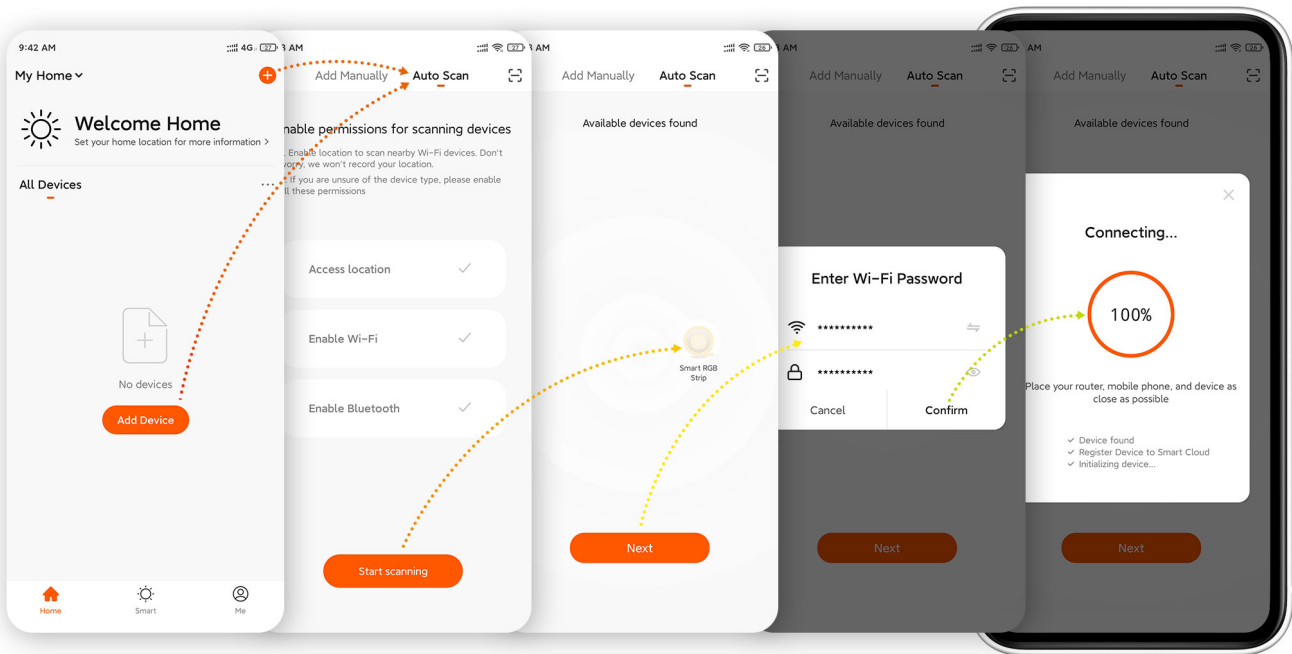

RGB Remote Controller

RGBIC Remote Controller

## APP CONTROL

Fast matching in just a few simple steps.

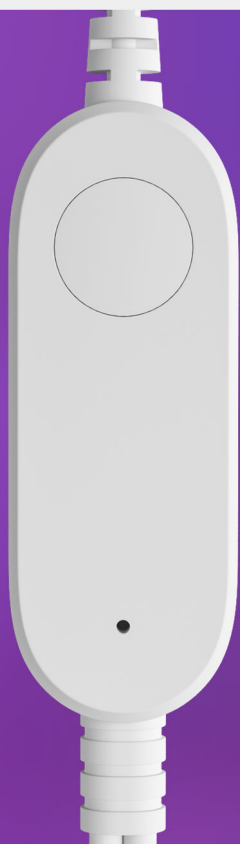

CONTROL METHOD

## VOICE CONTROL

## Smart Controller

**Turn On / Off :**

Short press.

**Fast Matching :**

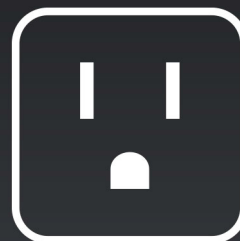

Press and hold for 5 seconds.

**Music Rhythm :**

Press 5 times in 5 seconds.

## The adapter supports multiple outlets
