

# PIR-Sensor Switch Series

|                           |                                              |                   |                    |                    |
|---------------------------|----------------------------------------------|-------------------|--------------------|--------------------|
| Model No.                 | 21-462                                       | 21-461B           | 21-463             | 21-463X            |
| Working Voltage           | AC220V 50Hz                                  |                   |                    |                    |
| Controllable load         | ≤300W<br>≤3 lamps                            | ≤100W<br>≤5 lamps | 9-100W<br>≤3 lamps | 9-100W<br>≤5 lamps |
| Standby power consumption | ≤1W                                          |                   |                    |                    |
| Start Lux Setting         | ≤10Lux                                       |                   |                    |                    |
| Induction range           | The radius of the induction top is 1-2 meter |                   |                    |                    |
| Time delayed              | 40±10s                                       |                   |                    |                    |
| Detection angle           | 110°                                         |                   |                    |                    |
| Mounting height           | 3.5m Max                                     |                   |                    |                    |
| Operating temperature     | -20℃~45℃                                     |                   |                    |                    |
| IP rating                 | IP 20                                        |                   |                    |                    |
| Size(mm)                  | φ100 (suggest to install φ 80-90)            |                   |                    |                    |
| Packing                   | 100pcs / carton                              |                   |                    |                    |
